Profile

From intern to Senior Graphic Designer in 4 years — my journey at Imitor Graphica has been built on **creativity**, **adaptability**, and a passion for **visual storytelling**. I specialize in **brand identity**, **motion graphics**, **video editing**, and **UI design**, bringing both technical precision and creative thinking to every project. With expertise across the Adobe Creative Suite and Figma, I thrive in fast-paced environments where design makes a real difference.

Work Experience

- Imitor Graphica** 
Senior Graphic Designer
July 2025 - Present
 - Spearhead high-impact design projects spanning brand identity, print, digital, and motion media for a diverse client base.
 - Serve as the sole dedicated video editor, producing visually compelling content using Premiere Pro and After Effects.
 - Manage end-to-end client communications, ensuring meticulous creative requirements are met with precision.
 - Collaborate with local and UK-based teams to align creative strategies and deliver cohesive design solutions.
 - Lead team-building sessions and design presentations, actively mentoring peers and driving creative growth.
- Junior Graphic Designer**
Sep 2022 - Jun 2025
 - Executed diverse creative briefs for global clients, producing high-quality brand assets across digital and print formats.
 - Established as the team's primary expert for motion graphics and end-to-end video editing using Premiere Pro and After Effects.
 - Presented design work directly to internal UK teams, ensuring alignment with international project standards.
 - Recognized by clients and leadership for creativity, reliability, and strong ownership of projects.
 - Demonstrated initiative by organizing upskilling sessions to strengthen the team's design capabilities.
- Internship (Graphic Design)**
Apr 2022 - Oct 2022
 - Supported the creative team in developing digital and print materials, logo designs, and marketing collaterals.
 - Contributed creative solutions to live client projects that received positive feedback from the team.
 - Demonstrated strong learning agility and initiative, earning a full-time Junior Designer role within 6 months.
- Catalyst**
Medical Billing Associate
Feb 2021 - Nov 2021
 - Transcribes treatment and diagnosis codes using standardized systems like ICD-10 and CPT to create and "scrub" claims for errors before submission.
 - Checks patient coverage, copays, and preauthorization requirements with primary and secondary insurance payers prior to rendering services.
 - Prepares and submits claims to insurance payers and follows up on unpaid, underpaid, or denied claims by filing appeals.
